

# 7230 Series

## Automatic Parts Washers

#1 in North America for High-Pressure Cleaning Equipment

### Top Load Models

**Durable machined-sheave chain drive** for turntable is designed for increased safety and longevity, plus it prevents the risk of binding or breaking

**Thermostatically controlled heater** maintains optimum cleaning temperature

**Control Panel** includes 60-minute wash timer, 12-hour heater timer, turntable off/on switch and low-water alert light

**Low-water shutoff** protects heating elements in case water level drops

**Seamless lid design** eliminates need for seal replacement

**Easy access debris screen** prevents foreign objects and small parts from falling into sump

**Easy access sump cover** permits quick and easy cleaning of the parts washer

7230 Series models feature an **automatic oil skimmer** (shown below) as standard equipment

**Power scrub brush** (optional) makes short work of stubborn gasket material and baked-on carbon (shop air required)

**Containment ring** (standard) secures parts on turntable

**Hand detail brush** (optional) speeds cleaning of blind holes and recesses. Shown with small parts basket (standard)

7230 Series models include small parts basket, containment ring and automatic oil skimmer

**Swivel casters** allow machine to be easily moved

■ 23 Gal. Sump Capacity

## An Automatic, Cost-Effective Parts Cleaning Solution

### Efficient, solvent-free cleaning

cleaning action that's far more powerful than any solvent.

Say goodbye to dirty, time-consuming manual cleaning with a Hotsy 7230 Series Automatic Parts Washer. That means trained technicians can concentrate on more productive work. Hotsy's automatic parts washers combine hot water and modern detergents to give you

### Clean better with Hotsy TubMate detergents

Hotsy offers a complete line of biodegradable TubMate detergents to give you a total parts-washing solution. TubMate detergents are specially formulated to give you the best cleaning action at temperatures as low as 110°F, which means significant savings in energy costs. TubMate detergents contain a blend of rust and corrosion inhibitors to help protect your machine and parts, as well as a defoamer to prevent foaming in the machine.

Hotsy TubMate detergents are environmentally safe to use because they contain no caustic soda, caustic potash, phenolics, chlorinated solvents or heavy metals. And since they're highly concentrated, a little goes a long way.

Ask your Hotsy Dealer for details on the **EXTENDED 1-YR LABOR WARRANTY** with exclusive use of Hotsy Detergents
